THE MAIN OBJECTIVES OF THE MEU

- To conduct research and provide scientifically sound information that advances and promotes medical education.
- To provide service on committees and task forces, like curriculum development, planning, and administration.
- To ensure correct balance between research, teaching and service activities.
- To ensure continuous quality improvement in Medical education.
- To nurture the careers of faculty members wanting to focus on educational scholarship.
- To assist in developing integrated UG curriculum with innovations such as professional development, small group case discussions, problem-based and self-directed learning, integration of basic and clinical sciences, clinical skills and soft skill development.
- To develop a clinical skills lab and simulator lab for United Institute of Medical Sciences Prayagraj.
- Ensure coordination and implementation of the Educational initiatives of the Governing body.
- To encourage diversity of ideas, mutual support and mentorship in research methodologies.
- To support the development of innovative technologies for administration, teaching, and learning.

FUNCTIONING

- Regular and need based meetings.
- Predetermined agenda circulated to all members, deliberate on agenda issues during meeting followed by action taken.
- The MEU will meet once a month to discuss faculty development programmes.
- Complete report and minutes of meetings will be presented to the Chairperson, Medical Education Unit, United Institute of Medical Sciences, Prayagraj.
